## BOO STIMULATING GEL WOMEN 50ML

BOO Stimulating Gel is an arousal gel for the intimate areas of the woman. The gel increases the desire and lust and guarantees intense intimate moments. The high quality ingredients in this unique gel create an intense experience during sexual intercourse. BOO Stimulating Gel warms the sensitive skin of the clitoris and makes it tingle in a pleasant way.

The convenient packaging makes the product easy and efficient to dose. Apply a desired amount on and around the clitoris. The gel is light in texture and easy to apply, has a pleasant neutral scent and is therefore great during use. The special developed formula contains natural extracts, including Menthol, which warms the clitoris and the sensitive skin around it accompanied with a pleasant tingling sensation, causing greater excitement and maximal enjoyment.
