CHARGING INSTRUCTIONS

This vibrator arrives with a minimal partial charge, between 30% - 50% of its full capacity. It is not necessary to fully charge before use, but it will not damage the battery to charge it before expending the initial existing battery charge.

Connect the USB plug into the USB port of your computer or other output and the other end of the DC charger into toy's input.

Initial charge will take about 2 hours, and subsequent charges will also take about 2 hours to complete.

The indicator light will flash while device is charging, and remain solid when toy is fully charged. There is no danger of battery damage by overcharging, but it's recommended not to overcharge for long periods of time.

Charge lasts for about 1 hour of play time on the lowest level of vibration, and about 50 minutes on the highest level.

Toy vibration stops completely when charge begins to deplete.

This toy operates at a sound level of 50db with a 3.7V, 500mAh battery
